1. Prices exclude GST and disbursements. If significant advice is required, hourly rates apply as set forth in our Costs Agreement Letter. Prices assume documentation is not negotiated requiring substantial amendment. If particular terms are required, additional fees may apply. Various other applications and registrations may also be desired and/ or required following establishment of the entity (e.g. for a Tax File Number (TFN), Australian Business Number (ABN) and/ or WorkCover). We do not attend to this, the entity and/ or its accountant will need to attend to this.

2. This also covers the \$506 ASIC fee.
